

WILDLIFE ATTRACTANTS

WHEN THEY HAVE TO BE BROUGHT IN CLOSE

DEER ATTRACTANT 20 LB

IRRESISTIBLE SCENT & FLAVORINGS
KEEP THEM COMING BACK

ATTRACTS AND HOLDS BIG BUCKS

SUPPLEMENTS POOR QUALITY
FORAGE OR HABITAT

Studies on the new Purina® QuickDraw® Deer Block Attractant show strong consumption, driven by a proprietary flavoring agent not found in any other deer block. It is extremely effective in attracting and holding deer in a specific area.

GUARANTEED ANALYSIS

Crude Protein, min	10.00%	Calcium (Ca), max	2.50%
Crude Fat, min	4.00%	Phosphorus (P), min	0.80%
Crude Fiber, max	10.00%	Salt (NaCl), min	3.00%
Calcium (Ca), min	2.00%	Salt (NaCl), max	4.00%

INGREDIENTS

Processed Grain By-products, Grain Products, Molasses Products, Lignin Sulfonate Dehydrated, Plant Protein Products, Calcium Carbonate, Salt, Propionic Acid (A Preservative), Monocalcium Phosphate, Dicalcium Phosphate, Iron Oxide, Zinc Oxide, Ethoxyquin (A Preservative), Vitamin E Supplement, Vitamin A Supplement, Cobalt Carbonate, Manganese Sulfate, Ethylenediamine Dihydrochloride, Zinc Sulfate, Vitamin D₃ Supplement, Copper Chloride, Natural and Artificial Flavors, Sodium Selenite.

DIRECTIONS

Feed Purina® QuickDraw® Deer Block Attractant year-round to deer, elk and other game as a supplement to native habitat. Purina® QuickDraw® Deer Block Attractant is a supplement, not a complete feed. Adequate forage from native habitat or food plots should be readily available. Place blocks in areas frequented by animals or in areas where you would like to attract and hold big game. Along game trails, near water sources, bedding areas and food plots are good spots for a block feeding area.

DEER ATTRACTANT MINERAL SUPPLEMENT 20 LB

OPTIMAL VITAMINS AND MINERALS FOR
MAXIMUM ANTLER SIZE AND DENSITY

PROPRIETARY FLAVOR FOR
EXCEPTIONAL PALATABILITY

SUPPLEMENTS POOR QUALITY
FORAGE OR HABITAT

The proprietary ingredient and flavoring agents found in new Purina® QuickDraw® Deer Attractant Mineral Supplement enhance palatability and drive intake without the need to mix it with corn. And the vitamin and mineral package supplies deer with strong nutrition.

GUARANTEED ANALYSIS

Calcium (Ca), min	9.50%	Copper (Cu), min	500 ppm
Calcium (Ca), max	10.50%	Zinc (Zn), min	1,500 ppm
Phosphorus (P), min	5.00%	Selenium (Se), min	3.00 ppm
Salt (NaCl), min	10.00%	Vitamin A, min	50,000 IU/lb
Salt (NaCl), max	11.00%	Vitamin D ₃ , min	15,000 IU/lb
Magnesium (Mg), min	1.00%	Vitamin E, min	250 IU/lb

INGREDIENTS

Processed Grain By-products, Dicalcium Phosphate, Monocalcium Phosphate, Grain Products, Calcium Carbonate, Salt, Molasses Products, Magnesium Oxide, Iron Oxide, Propionic Acid (A Preservative), Mineral Oil, Plant Protein Products, Potassium Chloride, Ethoxyquin (A Preservative), Vitamin E Supplement, Vitamin A Supplement, Ethylenediamine Dihydrochloride, Vitamin D₃ Supplement, Copper Chloride, Cobalt Carbonate, Manganese Sulfate, Zinc Sulfate, Natural and Artificial Flavors, Sodium Selenite.

DIRECTIONS

Purina® QuickDraw® Deer Mineral should be fed free-choice year-round to deer, non-native and exotic deer, and elk as a supplement to help balance nutrient deficiencies that may occur in the natural forage. Place in areas of high animal activity under a shelter if available. Purina® QuickDraw® Deer Mineral can also be fed by pouring it directly on the ground to be consumed as a natural mineral lick. To enhance consumption, do not touch the mineral to avoid leaving human scent on the product. Keep replacing the mineral as animals consume it. Avoid over-supplementation of mineral when QuickDraw® Deer Mineral is fed in combination with a supplemental feeding program. Read the feeding instructions for the supplemental diet to make sure mineral supplementation is required.

WILD HOG ATTRACTANT 20 LB

IRRESISTIBLE SCENT & FLAVORINGS
KEEP THEM COMING BACK

DEVELOPED AS A PROFESSIONAL
WILDLIFE MANAGEMENT TOOL

Additional studies on the new Purina® QuickDraw® Wild Hog Block Attractant show its irresistible scent and flavorings effectively attract and hold wild hogs. And even after the block is consumed, the residual attracting smell keeps them coming back.

GUARANTEED ANALYSIS

Crude Protein, min	16.00%	Salt (NaCl), max	5.00%
Lysine, min	0.50%	Sodium (Na), min	1.50%
Crude Fat, min	3.50%	Sodium (Na), max	2.00%
Crude Fiber, max	11.00%	Ash, max	16.00%
Calcium (Ca), min	2.00%	Selenium (Se), min	0.20 ppm
Calcium (Ca), max	2.50%	Vitamin A, min	5,000 IU/lb
Phosphorus (P), min	0.80%	Zinc (Zn), min	200 ppm
Salt (NaCl), min	4.00%		

INGREDIENTS

Rice Bran, Cottonseed Meal, Cane Molasses, Wheat Middlings, Corn Distillers Dried Grains, Dehydrated Alfalfa Meal, Calcium Carbonate, Lignin Sulfonate Dehydrated, Whole Yellow Corn, Salt, Sodium Bentonite, Propionic Acid (a Preservative), Monocalcium Phosphate, Dicalcium Phosphate, Ethoxyquin (a Preservative), Zinc Oxide, Vitamin A Acetate, DL-Alpha Tocopheryl Acetate, Cholecalciferol, Cobalt Carbonate, Manganese Sulfate, Ethylenediamine Dihydrochloride, Zinc Sulfate, Copper Chloride, Neohesperidine Dihydrochalcone, Precipitated Silica, Lactose, Sodium Selenite.

DIRECTIONS

Place Purina® QuickDraw® Wild Hog Block Attractant in areas frequented by hogs and in areas where you would like to attract and hold hogs. Along game trails, near water sources, bedding areas and wallows are good spots for a block feeding area. Purina® QuickDraw® Wild Hog Block Attractant will be readily consumed by livestock so fencing to exclude them may be necessary. Depending on hog numbers, place one or two blocks per feeding area and replace as necessary to keep hogs coming to the area.

IMPORTANT

A feeding program is only as effective as the management practices. Actual results can vary depending upon feed intake, environmental conditions and the quality of the management practices. This block is not a replacement for a pellet feeding program.

CAUTION

Do not feed this product to sheep. It contains copper. Store in a dry, well-ventilated area free from rodents and insects. Do NOT feed moldy or insect-infested feed to animals as it may cause illness, abortion or death.

NOTICE

Regulations for the feeding of big game can vary from state to state. Please check with your local game and fish department for the proper usage of this product.
